

SCM

Sealless Combination Tool for Steel Strapping

Easy to operate

The SCM's lightweight, ergonomic design features two-strap loading, manual slack pull and minimal sealing effort to reduce operator fatigue.

Simple

The SCM has a low-maintenance design with simple adjustments and few wear parts.

Rugged

Manufactured with Signode proven alloys, the SCM is lightweight yet durable enough for the most demanding applications.

Specifications

Strapping: For use with 1/2"-3/4" (13 mm-19 mm) Apex Plus™ or Magnus® strapping in gauges from 0.17" x 0.25" (0.43 mm - 0.63 mm)

Joint Type: Three key sealless

Weight: 8.4 lbs. (3.8 kg)

Part numbers:

SCM-12: 424350

SCM-58: 424358

SCM-34: 424334
