

## BXT2-19 Battery Powered Combination Tool for Polypropylene and Polyester Strapping

### Easy to operate

The BXT2-19 features an ergonomic design and simple two-button operation to help reduce operator fatigue. Automatic mode offers fast, one-button tensioning and sealing.

### Versatile design

With flexible settings and the ability to accommodate both polyester and polypropylene strapping, the BXT2-19 is ideal for a wide range of applications.

### Low maintenance

The innovative battery design reduces contact damage and the brushless motor allows for less wear and a longer life.

### Specifications

**Strapping:** For use with 5/8" (16 mm) and 3/4" (19 mm) High-strength Tenax® polyester strapping

**Tension rating:** 260 to 880 lbs. (1 157 to 3 914 N); Light (soft) tension: 88 to 350 lbs. (400 to 1 600 N)

**Weight:** 9.3 lbs. (4.2 kg)

**Part number:** 428350

Charger and two batteries included
